The Audi 100 and Audi 200 (and sometimes called Audi 5000 in North America) are primarily mid-size/executive cars manufactured and marketed by the Audi division of the Volkswagen Group. The car was made from 1968 to 1997 across four generations (C1-C4), with a two-door model available in the first and second generation (C1-C2), and a five-door model available in the last three generations (C2 ...

## **Audi 100 - Wikipedia**

These parts usually include shock absorbers, springs and sway bars, as well as other components that improve the car's suspension. The suspension system has two purposes: to improve how the car handles in turns and braking, and to protect the vehicle and its passengers from shocks due to bumps in the road. ... Audi A3
