As soon as I started the service, my printers immediately showed up in the Devices and Printers window, I was also able to print from various programs (Notepad, Word, etc.) before starting the service, but the printers were not shown in the Devices and Printers window, only in the Print dialog when I tried to print. Hope this helps.

Connected printers not showing in 'Devices and Printers ...

I have unwanted printers listed in the drop down when in the print screen in Office 2013. How do I remove them? I can see you can 'add a printer..' but not remove? If I remove them, will it remove it for everyone else? (I have full admin rights). I am running MS server 2008 R2. Bjorn ICT Apprentice - Yes, if you uninstall a printer, it will be gone for ...

That's it folks. That is the magic formula for printing Flite Test tiled plans. I've had a lot of people ask me to help them with printing issues and 99% of the time these settings resolved them. As I said earlier, with all the different printers, drivers, and operating systems, there is no combination that will work for everyone.
