Read PDF A Monetary History

Of The United States, 1867-1960 is a book written in 1963 by Nobel Prize-winning economist Milton Friedman and Anna J. Schwartz. It uses historical time series and economic analysis to argue the then-novel proposition that changes in the money supply profoundly influenced the U.S. economy, especially the behavior of economic fluctuations .

The Ottoman empire stood at the crossroads of intercontinental trade at the dawn of the era of capitalism. This volume examines the monetary history of that empire from its beginnings in the fourteenth century to the end of the first world war. Through a detailed examination of the currencies and related institutions of an empire which
