Battle Cruisers A History 1908

The battlecruiser (also written as battle cruiser or battle-cruiser) was a type of capital ship of the first half of the 20th century. These were similar in displacement, armament and cost to battleships, but differed in form and balance of attributes. Battlecruisers typically had thinner armour (to a varying degree) and a somewhat lighter main gun battery than contemporary battleships ...

Battlecruiser - Wikipedia

SMS Emden ("His Majesty's Ship Emden") was the second and final member of the Dresden class of light cruisers built for the Imperial German Navy (Kaiserliche Marine). Named for the town of Emden, she was laid down at the Kaiserliche Werft (Imperial Dockyard) in Danzig in 1906. The hull was launched in May 1908, and completed in July 1909. She had one sister ship, Dresden.

SMS Emden - Wikipedia

When the Navy formally implemented its hull number system in July 1920, it redesignated thirteen scout cruisers (three completed in 1908, plus ten new ships which were still under construction) as "Light Cruisers" (CL), numbered in accordance with the previous scout cruiser number series.

Light and Heavy Cruisers - United States Navy

A surface force of cruisers and destroyers, which probably intended to put Henderson Field out of commission, was thrown back in the Battle of Cape Esperance on the night of 11-12 October. 3 Japanese losses were heavy, but 2 nights later they came back and succeeded in shelling the field for an hour and 20 minutes.

Battle of Guadalcanal - United States Navy

USS Atlanta in the Battle of Guadalcanal, 1942 Atlanta-class ships occupy a special place in the history of the development of U.S. cruisers. They owe their appearance to the Second London Naval Treaty of 1936, which limited displacement for new cruisers to 8,000 tons. It was impossible to design a full-fledged multi-purpose cruiser in this ...

American Cruisers Collection - Global wiki. Wargaming.net

The naval race between Germany and Great Britain between 1906 and 1914 created huge friction between both nations and it is seen as one of the causes of World War One. In 1906, Britain launched the first dreadnought - a ship that meant all others were redundant before its awesome fire power. HMS Dreadnought: ...

The Naval Race 1906 to 1914 - History Learning Site

USS NEW JERSEY: THE WORLD'S GREATEST BATTLESHIP. USS New Jersey (BB-62) is the most decorated battleship in Navy history, earning distinction in World War II, the Korean War, the Vietnam War, the Cold War, and conflicts in the Middle East. The New Jersey's history spanned over half the 20 th century, from her design in 1938 until 1991. She was launched on the first anniversary of Pearl ...
