A tribute site to those who served on the coldest part of the Cold War, the Distant Early Warning Radar Line. "Sed evanescent voces scripta manent" (Voices vanish but words remain.) Get Lost! No seriously. Get a cup of coffee and get lost in the more than 150 pages and over 1400 images that make up this site. Want help finding your way around?

The DEWLine | The Distant Early Warning Radar Line

The Distant Early Warning Line — or DEW Line — was a string of radar stations in Canada's far north designed to detect incoming Soviet bombers during the Cold War. But the phrase also evocatively sums up what good science fiction does, providing us with advance reports of the wonders — and the dangers — that await us in all the myriad futures that might yet come to pass.
