both a K-line and L-line connection and Mercedes own communications language to access the system. Even though the communications standard of ISO9141 is the same as used on OBD2 systems the way in which it talked to the modules was bespoke - and this is why you cannot use ...

Mercedes older series diagnostic fault code reading. W124 ...

The Series II Land Rover launched in 1958 was larger, heavier, and more complex than the original, and the need was ever-present for higher powered engines. Also, the Rover petrol engines in use at the time, with the archaic inlet-over-exhaust valve layout, were approaching the age of 20 years in design terms. A new, larger petrol engine specifically developed for the Land Rover was needed.
