Here is an updated version of the \$domain website which many of our East European book trade customers have been using for some time now, more or less regularly. We have just introduced certain upgrades and changes which should be interesting for you. Please remember that our website does not replace publisher websites, there would be no point in duplicating the information. Our idea is to present you with tools that might be useful in your work with individual, institutional and corporate customers. Many of the features have been introduced at specific requests from some of you. Others are still at preparatory stage and will be implemented soon.

Banks are institutions that hold on to money for some people and lend money to others. When you put money in a bank, you are technically lending the bank your money. You agree to hand over cash, and the bank agrees to give the cash back whenever you want it—but they'll spend it on other loans and investments in the meantime.
