Pearson Chemistry Florida Teachers Edition

With the 4th Edition, authors Laura Frost and Todd Deal apply their knowledge and experience in the science of learning to incorporate research and best practices based on how students learn. A stronger applied focus provides practical connections and applications, showing both allied-health and non-science majors how to use their understanding of chemistry in future health professions and in their everyday lives.

General, Organic, and Biological Chemistry | 4th edition ...

Paula Bruice's presentation in Organic Chemistry, Eighth Edition provides mixed-science majors with the conceptual foundations, chemical logic, and problem-solving skills they need to reason their way to solutions for diverse problems in synthetic organic chemistry, biochemistry, and medicine. The Eighth Edition builds a strong framework for thinking about organic chemistry by unifying principles of reactivity that students will apply throughout the course, discouraging memorization.
