This includes public domain books and promotional books that legal copyright holders wanted to give away for free.

Principles Information Security Michael Whitman

The textbook Elementary Information Security presents a set of eight basic information security principles. While many directly reflect principles from Saltzer and Schroeder, they also reflect more recent terminology and concepts. The notion of “basic principles” stated as brief phrases seems like a natural choice for introducing students to a new field of study.

Value investing was established by Benjamin Graham and David Dodd, both professors at Columbia Business School and teachers of many famous investors. In Graham's book *The Intelligent Investor*, he advocated the important concept of margin of safety — first introduced in *Security Analysis*, a 1934 book he co-authored with David Dodd — which calls for an approach to investing that is focused ...
