A New Talent Management Framework - JOSH BERSIN

Building organisational capability throughout the workforce. At one end of the spectrum, the definition of talent management and its processes is inclusive in nature and applies to all employees. Such an approach is based on the premise that 'everyone has talent'. Six organisations in the study strongly adopted this view and therefore emphasised, within their talent management approach, personal development for all employees, nurtured through a learning culture.

Talent Management: A Four-Step Approach

Talent management is a business strategy that organizations hope will enable them to retain their topmost talented and skilled employees. Just like employee involvement or employee recognition, it is the stated business strategy that will ensure the attraction of top talent in competition with other employers.

Why Talent Management Is an Important Business Strategy

Essentially, total talent management enables organisations to break down barriers between their permanent and non-permanent workforce, enabling employers to focus on the value a worker can provide to the business, rather than their employment status.

The concept of total talent management - Raconteur

The Talent Management Map is a summary of the current state of talent management research and serves as framework for orientation in the labyrinth of talent management.
