The Origins of Virtue is a non-technical discussion of the evolutionary aspects of cooperation and altruism. That being an extremely complex subject (and still very much an active area of research), a short book like this can only skim the surface.

The Origins of Virtue: Human Instincts and the Evolution ...

"The Origins of Virtue" is an excellent analysis of cooperation among animals and humans and how that cooperation intersects with the selfish-gene theory of evolution. Disappointed by Political Bias I was a bit disappointed by the last couple of chapters, where a wonderful analysis devolved into politics and an anti-government tirade.
