Security Holes By

It's easy to search

Wikibooks by topic,

and there are separate

sections for recipes

and childrens'

textbooks. You can

download any page as

a PDF using a link

provided in the left-

hand menu, but

unfortunately there's

Bookmark File

PDF The

no support for other formats. There's also Collection Creator - a handy tool that lets you collate several pages, organize them, and export them together (again, in PDF format). It's a nice feature that enables you to customize your reading material, but it's a bit of a hassle, and is really designed for readers who want printouts. The easiest way to read Wikibooks

Discovering And

John Heasman -

doc.lagout.org

In a nutshell, this book is about code and data

and what happens

when the two become

confused. You'll work

with the basic building

blocks of security

bugs--assembler,

source code, the stack,

the heap, and so on.

You'll experiment,

explore, and

This book is dedicated to anyone and everyone who understands that hacking and learning is a way to live your life, not a day job or semi-ordered list of instructions found in a thick book. You'll work with the basic building blocks of security bugs, assembler, source code, the stack, the heap, and so on.
