Mosquitoes are often referred to as the deadliest animals on earth because some species spread malaria, West Nile virus or other dangerous diseases when they bite humans and other animals. Adult mosquitoes fly to streams, ponds and other freshwater environments to lay their eggs. When the eggs hatch, the young mosquitoes live in the water until they are ready to grow wings and transform into ...

Thomas François Burgers (1834–1881) was the fourth president of the South African Republic (Transvaal) from 1872 to 1877. The first coins of the Transvaal Burgerspond were introduced by Burgers in 1874, responding to a demand for coinage from the populace dating back to 1853. Burgers sent a portrait of himself to his UK consul-general, who commissioned the coins to be struck at Heaton's ...
