r/watchmaking - reddit

In the 16th century Europeans began to craft watches by hand; a tradition that thrived until the mechanization of the 20th century replaced the individual watchmaker with mass production. Hand methods were further eclipsed by the advent of the electronic watch in the 1960s, and many people feared that the mechanical watch would disappear entirely.

Watchmaking by George Daniels - Goodreads

Developed and run by its founder Swedish watchmaker Henrik Korpela, is a private and independent watchmaking school located in Le Locle. It was established in 2010 to provide watchmaking courses that focus on both after-sales services, as well as encourage technical creativity, design and classical watchmaking fundamentals.

The Naked Watchmaker

Watchmaking is a rather technical guide that expects you to know the basic terminology and 'anatomy' of the watch. It gives guidance for setting-up your workshop, acquiring the right tools/materials, and the processes for making a watch. By learning from the late George Daniels, you have a real opportunity to become a master timekeeper!
